

March 15, 2012, Fortaleza, Brazil

**“But your eyes have seen every great act of the Lord which He did.”
Deuteronomy 11:7**

Dear Brothers and Sisters,

Each day I have more reasons to wish to share the great work of the Lord, as I have learned through His Word and with other brethren.

2012 already started (on the first day of the year) with an opportunity to give testimony about the work of missions. In Juazeiro do Norte, at the First Church, I presented to them the need for workers in the country of Ginea-Bissau. After I finished a brother prayed, and his words made me see, once again, how the Brazilian people can be a blessing for that country. One thing he said that made an impression was: “make us see the need that those people have for You”. May the people of God be seeing the spiritual need of the nations.

I was happy to be able to participate in the second “Praise in Harmony” at the Manacial Baptist Church. We spent days with a lot of learning about the music that gives glory to God. A missionary who plans to work with other people groups should participate in classes like these. Also in January, the Faith Baptist Church, which I attend, and where I serve in the area of Religious Education, celebrated their 51st anniversary. In February, I taught children at a conference, and in another church, I shared about the missionary field in Ginea-Bissau. Now, in March, I had the privilege to help in the training of the leaders of OANSE, this in addition to continuing to serve in my church and in Child Evangelism Fellowship.

Personally, I would like to share how I have seen God’s care of me. Since November of 2011, I have been through moments that required many important choices, and now in March, God, in his infinite kindness, confirmed my acceptance into the Maranatha Mission. I should be remaining in Brazil at least until the end of 2014, because of my studies. Pray that the Lord will raise up a team of missionaries who desire to serve in Guinea-Bissau along with me.

In the grace of Christ,

Missionary Jamillena Nery
